# CONSULTING SERVICES TO STRENGTHEN Your Nonprofit

The Consulting Services team at Third Sector New England helps nonprofit managers, staff, board, volunteers and constituents build on their assets to support stronger, healthier communities.

## Results That Make a Difference

Third Sector New England's experienced consultants work closely with nonprofit managers, staff, board members, volunteers and constituents throughout New England to build on their core strengths. We will help you effectively address the day-to-day and long-term challenges you face – while crafting better, more inclusive and more collaborative ways to meet your mission. By doing so, we will help to deepen your impact with the communities you serve.

## What We Offer

As nonprofit professionals, TSNE's consultants can provide expert support in:

**Organizational Development:** We'll help your nonprofit organization increase its long-term health and performance by building the capacity of, and supporting the people who make up, the organization. Our practitioners can assist with *board development, improving systems, enhancing communication, reducing conflict* and much more.

**Organizational Assessment:** TSNE consultants can help staff, board, community members and other stakeholders identify what is working well, what can be improved and any barriers to effectiveness.

**Strategic Thinking and Planning:** This work offers an exciting opportunity to bring stakeholders together to consider the organization's future. As you build consensus, you will build alignment, commitment and the business plan to support implementation.

**Human Resources and Supervisory Coaching and Consultation:** Effective supervision at all levels enables staff to successfully work toward your nonprofit's mission and vision.

**Coaching for Leadership and Teams:** Our results-oriented coaching can enhance the effectiveness of your leadership and program teams through improving collaboration and decision-making.

**Executive Search and Transition:** We can help your board and staff prepare the organization for positive change, help conduct the executive search, and support everyone in the transition.

**Organizational Transitions:** Our consultants can help you clearly see the choices in front of your nonprofit when external or internal factors lead to thinking about large shifts for the organization.
